

I am Colonel Don Potoczny and I'd like to be your county treasurer.

I'm running for county treasurer because you deserve to have government leaders you can trust. I've lived a life of selfless service and sacrifice. I have always chosen the hard right over the easy wrong. The Nation has trusted me, and you can trust me to always do the right thing.

I'm running because I solve complex problems. I have wide-ranging experience that enables me to see problems from different perspectives and derive unique solutions. I'm a certified Project Management Professional (PMP) and Senior Professional in Human Resources (SPHR).

As your county treasurer, I guarantee no one will work harder. To protect families. To educate consumers. To promote small businesses.
